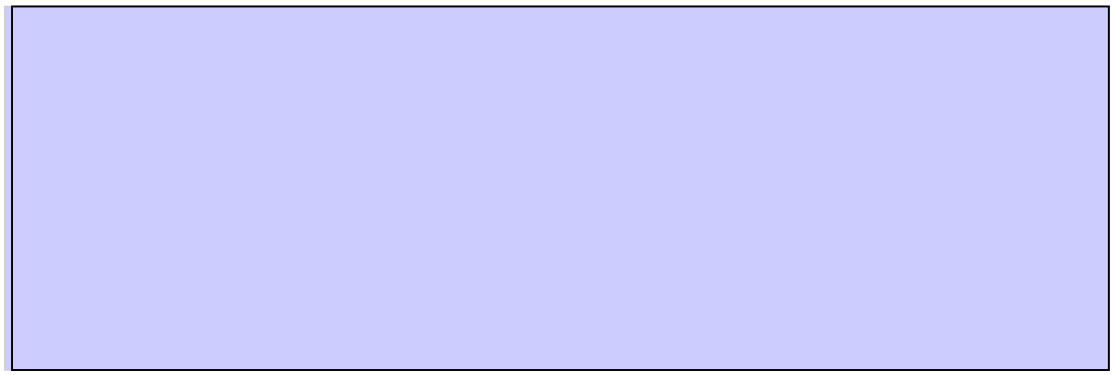
Simple directions on

How to Make a Pioneer Skirt

by Lynnette McConkie

Depending on desired fulness of skirt, you will need 2 ½ to 3 yards of solid white or earth-toned fabric.

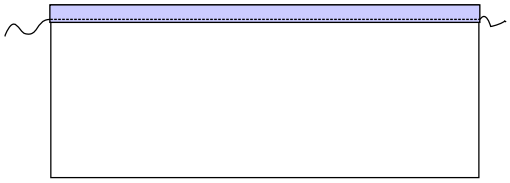


45”

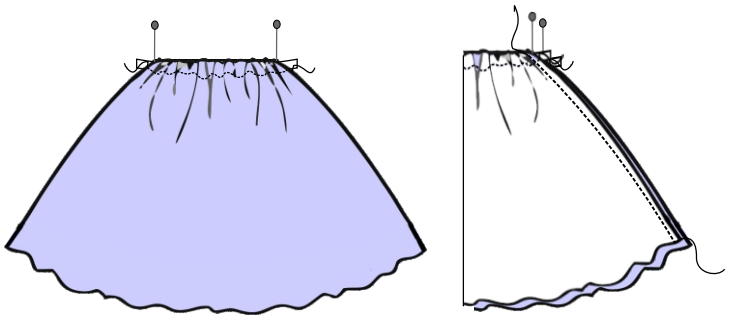
*you will adjust length according to desired fit

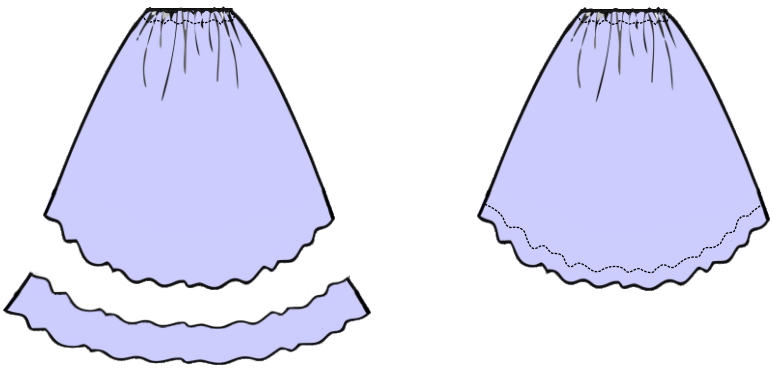
90” to 108”

1. Turn top edge over 1/4” and again 3/4.” Press.
2. Stitch channel for elastic.



3. Feed elastic through channel securing each end with a pin.
4. Fold Skirt in half lengthwise, matching elastic ends. Stitch down side. *Be sure to backstitch over elastic junction.*





5. Trim skirt to desired length plus 1 1/2.”
6. Turn hem under 3/4” and again 3/4.” Stitch hem.
